

# Traveling to Japan on Business?

## We can help you prepare for your trip!

Japan is a country rich in ancient traditions and customs. For professionals who travel to Japan for work, knowing a few key Japanese phrases and customs can truly help bridge the cultural divide and span the gap in cross-cultural relations. Professionals who can demonstrate understanding for common traditional Japanese cultural protocols or concepts have found definite business advantages during their travels.

The Kanji Camp crash course in Business & Travel Japanese helps business professionals learn basic language and culture of Japan. Lessons are geared toward common business and social experiences of Japan business travels. We provide thoughtful strategies for helping the jet setting professional facilitate a successful working relationship with the Japanese.

Students in our seminar gain common Japanese protocols that help travelers quickly build trust on global teams and foster productive cross-cultural business relations. Students will learn some survival Japanese for help with common situations of the trip such as handling accommodations, dining and transportation or socializing with work colleagues. The course also allows time for professionals to discuss their unique trips and how to best accomplish handling the business goals of the required trip.
